

Luxtek[®]

Energy Saving Lamps 3U | T2 series

Also known as Compact Fluorescent Lamps (CFL), comply with European ecodesign requirements, provide a high performance and reliable source of low energy lighting.

Technical Advantages

- Long lifespan
- High luminous efficacy
- High lumen maintenance over 88%
- Reliable starting at -20°C
- High energy efficiency
- Save 80% energy compare with incandescent bulbs

Product features

- Various colour temperatures available
- Flicker free rapid start up
- Low mercury content (<2mg per lamp)
- Environmental friendly

T2

Model No.	Energy Class	Tube	Lumen	Wattage	Incandescent Equivalent	Colour Temperature	Lifetime	CRI	Voltage	Dimmable	Base
EUT-5W T2	A	T2	250 lm	5W	26W	2700 / 4200 / 6500 K	10000 hrs	≥80	220~240V	No	E14 / E27
EUT-7W T2	A	T2	320 lm	7W	31W	2700 / 4200 / 6500 K	10000 hrs	≥80	220~240V	No	E14 / E27
EUT-9W T2	A	T2	420 lm	9W	39W	2700 / 4200 / 6500 K	10000 hrs	≥80	220~240V	No	E14 / E27
EUT-11W T2	A	T2	540 lm	11W	46W	2700 / 4200 / 6500 K	10000 hrs	≥80	220~240V	No	E14 / E27
